

Title: Successful Strategies of Teacher-Coaches in Developing Floorball in Primary and Secondary Schools

Are Teacher-Coaches a dying breed or lying dormant here in Singapore schools? What are the challenges that have driven them to become a dying breed? On the other hand, what drives them to be Teacher-Coaches? These were some of the questions raised by Mr Azhar Yusof, the Deputy Director of Coach Development in CoachSG in his keynote presentation at the 2019 SPEA Annual General Meeting on 29 March 2019. The presenters will address some of these questions in this session. It will showcase two floorball Teacher-Coaches at the primary and secondary level who were awarded the 2019 Outstanding Teacher-Coaches Award. They will share their personal journey and successful strategies in teaching and coaching floorball from primary to secondary level. Participants will be able to develop a deeper understanding of their hybrid coaching methods that are closely aligned with the teaching of floorball in PE in Singapore schools. Participants will also bring back some coaching tips using innovative tools (e.g. information and communication tools) to develop students' interest and skills in floorball.
